Profile Summary

Currently pursuing Master of Computer Applications (MCA) with specialization in Artificial Intelligence and Data Science. Strong foundation in full-stack web development using the MERN stack with hands-on experience in building scalable web applications. Solid understanding of fundamentals in Machine Learning and Artificial Intelligence, with a strong interest in applying them to real-world problems.

Education

Master of Computer Applications (MCA) Artificial Intelligence & Data Science DBUU, Dehradun	2025 – Present
Bachelor of Computer Applications (BCA) GIET, Gunupur	2022 – 2025 CGPA: 8.47/10

Technical Skills

- **Programming Languages:** Python, JavaScript
- **Web Development:** MERN Stack (MongoDB, Express.js, React.js, Node.js), HTML, CSS, Tailwind CSS
- **Machine Learning:** Scikit-learn, Data Preprocessing, Logistic Regression, NLP Fundamentals
- **Data Structures & Algorithms:** Python
- **Object-Oriented Programming:** OOP Design Principles
- **System Design:** Basic System Design, SDLC Fundamentals
- **Version Control:** Git, GitHub
- **AI Productivity Tools:** ChatGPT, Claude, Gemini, Antigravity

Soft skills

- Communication
- Teamwork
- Quick Learner

Projects

Twitter Sentiment Analysis — Python, Machine Learning, Logistic Regression, NLP

- Developed a sentiment analysis system using Twitter API to collect and analyze real-time tweet data
- Implemented a Logistic Regression model to classify sentiments into positive, negative, and neutral categories
- Applied NLP preprocessing techniques including tokenization, stop-word removal, stemming, and text vectorization
- Improved sentiment prediction accuracy using feature engineering and machine learning fundamentals

Vacation-EXP — MERN Stack, React, Node.js, MongoDB

- Developed a full-stack travel platform for discovering and booking curated travel experiences
- Implemented role-based authentication and authorization for Admin and User modules
- Built responsive user interfaces using React and Tailwind CSS with seamless navigation experience
- Designed RESTful APIs and integrated MongoDB for managing travel packages, bookings, and user data

Additional

- Languages: English, Hindi
- Interests: Machine Learning, Web Development, Artificial Intelligence.
